# About the product

ARO table is inspired from today's tendencies for optimal space planning. The almost round shape, as we call it gives a maximum utilization on a minimum space.

Carefully considering the relationship between the material and shape we've come up with this unconventional high quality piece, made out from a single material, wood.

## • DIMENSIONS

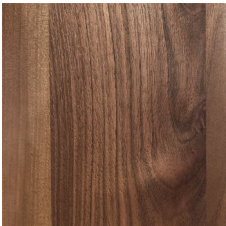

120 x 120 x 75  
180 x 95 x 75
